

AMENDMENT UNDER 37 C.F.R. §1.111
USSN 09/801,382

REMARKS

Claims 65 and 70 - 94 are pending in the application. Claims 1-65 stand rejected.

Claims 31-65 stand rejected under 35 U.S.C. §112, second paragraph as allegedly lacking enablement. Applicants respectfully request reconsideration and withdrawal of this rejection in view of the amendments and comments herein. Claims 31-64 are canceled herein. Accordingly, the rejection is rendered moot with respect to those claims.

Claim 65 does not contain a recitation of a "luminescent material," therefore it is believed that claim 65 was not independently considered in the Action and the rejection of claim 65 was made in error.

New claims 70-94 depend from claim 65 and therefore, likewise do not contain a recitation of a "luminescent material". Support for these claims is provided throughout the specification, for example, on page 1, line 23, through page 2, line 6; page 3, lines 19-23; page 4, lines 15-24 and 29-32; page 5, lines 1-3 and 13-33; page 6, lines 16-21; and page 7, lines 6-13.

Because the claims are believed to be fully enabled, and no new matter is added herein, withdrawal of the only outstanding rejection is believed to be appropriate. Further, the claims are believed to be in condition for allowance. Accordingly, allowance of the application is respectfully requested.
